Tim Villanueva

Full Stack Software Engineer

Austin, TX | 2105288136 | timvillanueva3@gmail.com | github.com/TimVillanueva | https://timvillanueva.netlify.app
linkedin.com/in/timothy-villanueva/

I am a full stack software engineer. I believe in using a wide array of perspectives and methodologies to create elegant, thoughtful, and powerful code focusing on web-design and game development.

SKILLS

- Programming Languages: Javascript, Java, C++, C#, Python3, HTML 5, CSS
- Frameworks: ReactJS, Object-Oriented Java, Express, Bootstrap
- Databases: Postgres, DjangoDB
- Tools: NodeJS, Postico, Insomnia, GitHub

RELEVANT EXPERIENCE

Software Engineering Immersive | **General Assembly** | Remote | October 2022 – January 2023
Successfully completed 500+ hours of expert led instruction in Software Engineering and hands-on learning Javascript and Python3 fundamentals as well as the industry's most in demand technologies. Developed projects, including:

- **PokdexAPI** Built fully functional Pokedex using the PokeAPI and Javascript, HTML, and CSS
    - Github/Deployed Link: timvillanueva.github.io
- **Big and Small Pet Adoption** Using the PetFinder API, built a pet adoption site within ReactJS
    - [https://github.com/TimVillanueva/AdoptionSite] [https://bigandsmallpetadoption.netlify.app]
- **Outdoorsy** Created our own API to maintain a database of local outdoor reaction activities using PERN stack
    - [https://github.com/TimVillanueva/Project3-Client] [Not Currently Deployed]
- **Test Maker** Full-stack PERN test form generator for educators to make test and quizzes
    - [https://github.com/TimVillanueva/TestForm_Generator] [Not Currently Deployed]

ER Veterinary Technician | **Pet Specialists of Austin** | Austin | February 2022–September 2022

- Performed sterile procedures and monitored patients under anesthesia
- Triage patients, obtain patient history, and assist with examination.
- Successfully completed a myriad of treatments each day, e.g. administering medication (orally and IV), placing IV catheters, CPR, fluid administration, etc.

ER Department Coordinator | **OakVet Animal Specialty Hospital** | Oakland | November 2020–December 2021

- Acted as intermediary between medical staff and client, explained cost estimates, and answered questions on behalf of the medical staff
- Navigated financial situations to ensure the best possible care for clients' pets
